TRIAL HELD UP BY INTOXICATED JUROR PROGRAM FOR VISITING CONGRESSMEN

IS LIGHTFOOT MORI'S LAWYER?

Sheba's Assailant Asks High-Wage Attorney. To Defend Him--No Longer Gets Outside Food--Risk Too Great

Mori, the self-confessed would-be slayer of Editor Sheba, appeared before Judge Andrade at the Police Court this morning. The man was absolutely unpossessed, and keenly alert to the court proceedings. In answer to a question as to whether he wished to waive examination in the Police Court, he replied: "I want to consult my lawyer this afternoon."

In answer to an inquiry as to what attorney was to represent him, Mori replied: "Mr. J. Lightfoot is my lawyer and I want to see him this afternoon."

Judge Andrade remanded the accused till tomorrow morning, but as the Grand Jury has found a true bill against him, he was taken to Judge De Bolt's court this afternoon at 2 o'clock.

Although the press is not allowed to interview Mori, tales of his doings come to hand. On being questioned again about his actions last Tuesday

400 MEN MOVE IN AT WAIPAHU

OLD STRIKE GUARD AT AALA IS NOT RECONCILED

Manager Bull Now Has About Five Hundred Japanese in Camps--Returning to Aiea--What Men Are Saying at Aiea.

Between four and five hundred Japanese laborers moved into the camps of Oahu plantation during the noon hour today. These men with their families have been in the town of Waipahu for the last two days and returned to work today.

These men, with the workers already in the camps, gives Oahu plantation in the vicinity of eight and nine hundred Japanese.

At Honolulu plantation a good number moved into the camps last night and during Saturday and Sunday the return to work will be general.

There is still an atmosphere of bitterness in Aiea lane.

While there remains any of the strike fund available in the hands of the committee, certain of the hard-headed strikers will not return to work in Waipahu or Aiea. They may try for work on other plantations, but they may not try for this until the strike fund is exhausted.

They seem to think that they are entitled to the support of strike leaders, since they were encouraged by them to strike. On the other hand they still believe that all the strikers who have returned to work are making a big break. They hold that in the future they will not receive the same consideration at the hands of the planters. In other words they feel

WHEEL OF JUSTICE SLIPS A COG--STOPS

NON-APPEARANCE OF JUROR PUZZLES COURT.

But Problem Is Solved When Faint Scent of "Scotch" Is Wafted Through the Halls of Justice--Conspiracy Trial Adjourns.

The Wheel of Justice, oiled with Scotch whiskey, runs but poorly and in the conspiracy trial this morning, stopped altogether upon the failure of Juror C. A. Yarrick to put in an appearance. Yarrick applied the Scotch whiskey, or its equivalent--personally, and being a cog in the above mentioned Wheel, threw all out of gear.

It is reported that his condition was largely brought about through the influence of parties desiring to defeat the prosecution.

He was missing from his seat this morning when court was called, and an officer of the court went to look him up. He was not at his home and was later found in a saloon at the corner of Nuuanu and King, in an intoxicated condition. A woman near his house on Likiepke Lane saw him go out this morning early and when he was found he was unable to stand. High Sheriff Henry took temporary charge of him.

The court waited about twenty minutes and Kinyoh expressed himself as willing to proceed with the trial with eleven jurors but Lightfoot asked for adjournment to permit him to prepare certain papers which he wishes to enter in his case and which he has not yet had time to hunt up. The trial was adjourned until 8:30 Monday morning.

The matter of Juror Yarrick will come before the court Monday and he will give his explanations then.

Mori Is Indicted

Charged with assault with a deadly weapon with intent to kill, Tomakichi Mori was this morning indicted by the Territorial Grand Jury and will be arraigned before Judge De Bolt this afternoon at 2 o'clock. In the language of the indictment, the act was committed with "deliberate premeditated malice."

During the course of the proceedings the clothes of Sheba, whom Mori assaulted, were brought in, ghastly with blood, and many witnesses were examined.

The jury convened in Judge Whitney's court room as the room formerly allotted to them has been changed to Chambers for Judge Woodruff.

PROGRAM FOR VISITING SOLONS

Committee Holds Session and Strives to Avoid Friction Over Arrangements--Luau To Be Limited

Fewer luau for the visiting congressmen and more time to be devoted to sightseeing of an educational nature, were the two conclusions that were emphasized at the meeting of the reception committee in the office of Governor Frear this morning.

The meeting was attended by Governor Frear, Prince Kuhio, Senator Chillingworth, Senator W. O. Smith, Robert Shingle, Secretary of the Territory, Mott-Smith and Manager Kennedy of the Inter-Island Steamship Company, who was called into consultation.

A tentative program was agreed upon by the committee after Prince Kuhio was elected to the chairmanship and Mott-Smith as secretary. There was a disposition on the part of those present to leave the details of the reception on the other islands

to the wishes of the residents, and not endorse anything finally beyond the dates of the arrival at the island ports by the excursion party, which will have to be known in advance so the necessary arrangements can be made by the Inter-Island Company.

HEAVY SENTENCE FOR JAPANESE

KUROIWA GETS SEVERAL YEARS IN OAHU PRISON.

First Sentence Passed in Criminal Cases Strong Reply to Plea of Difference in Orientals Made by Counsel.

One of the stiffest sentences that was ever passed from the Federal bench in similar cases was this morning awarded to Kuroiwa, who was given 2 years' imprisonment on a charge of adultery. This is the first sentence given since the court commenced on the criminal cases this term.

Previous to giving sentence, Judge Dole said "The Japanese in this country have had opportunities to know what the law is and the attitude of the courts." This is an answer in part to the usual plea of counsel urging consideration of the difference between Oriental and Occidental ideals and reasoning.

SCHOOL MIX-UP

Waialae, Kaimuki and Palolo have asked the Board of Supervisors for an eight-room school house, and they have been informed that they would have to look to the Territory and Commissioners of Public Instruction for the land and building. Superintendent Logan told them at last night's meeting that the County Board had jurisdiction in the maintenance of schools only.

It was the understanding of the Improvement Club, according to the resolution passed by the Board of Public Instruction in accordance with Act 101 to amend Section 23 of Act 118 passed by the last Legislature, that the Supervisors build the school houses when requested and equip them, but it seems now they are in a mix-up over the matter. Superintendent Habbitt stated at the first session of the Commissioners of Public Instruction that the Board of Supervisors had absolute power.
